RESIDENTIAL GARAGE DOORS

released by: Joe Feldkamp

REBATE EVENT

To further our Doors That Make A Statement campaign, Clopay is happy to announce a consumer rebate for up to \$600 off a qualifying purchase*.

This is an online rebate promotion funded by Clopay to allow homeowners to upgrade to a Premium Clopay Garage Door. This is a great opportunity for dealers to win at the point of Sale. Dealers do not need to register to participate. There is no mail-in option or additional paperwork submission required from you.

Consumers will visit rebates.clopaydoor.com to upload a photo of the door's QR code label showing the serial number for each qualifying model purchased, along with a copy of their sales receipt. **Please note the site will not be live until the program begins on February 6.**

Once the purchase is verified, the consumer will receive their rebate within 6 to 8 weeks via a prepaid Mastercard® or within 2 weeks if they elect the virtual card option and their claim is approved. Door(s) must be installed to submit a claim.

***RESTRICTIONS:** Offer valid for qualifying product(s) purchased and installed in the US and Canada. **Maximum rebate of \$600 when three eligible Clopay garage doors are purchased.** Only purchases of qualified products from Clopay Door Dealers are eligible.

Promotion Time Period

The rebate period is February 6, 2024 – May 6, 2024.

Rebate Submission Deadline

The claim submission period is February 6, 2024 – August 6, 2024.
